

Responsible Alpha is a B-Corp certified, sustainability consultancy specializing in sustainable finance and transition strategies, merging 180 years of global experience with local expertise. We have deep experience empowering all organizations to transition to a net positive economy by 2050.

FINANCIAL INSTITUTIONS

Responsible Alpha leverages our significant finance expertise to support clients in their transition to a net positive economy. With more than 35 years experience in financial services industry consulting and strategy and transactional finance, we have supported numerous organizations in actionable, material, and profitable sustainability, climate, and ESG outcomes.

OUR WORK IN ACTION

Our financial clients must address turbulent markets bound by scientific and replicable data to grow their business. Focusing on what is what replicable, useful, and immediately commercial, we provide actionable tools that can enhance capacity to address turbulent markets while growing market share.

Our financial clients range from hedge funds to distributed ledger technology startups to some of the largest branded banks and asset managers globally.

We offer:

- Thematic bonds strategy and structuring support.
- Capacity building from sustainability to climate risk to ESG to financial risk modeling and reporting.
- Due diligence support for various investment strategies.
- Research support for improving financial and investments results while increasing impact.
